

Advancing the

WOW

Factor

Gilles Coursaux, MD
Centre LASIK Paris
Paris, France

"The ML7 is very fast and comfortable for a surgeon to use. Patients enjoy the quick visual recovery, also known as the WOW factor."

See Dr. Coursaux's article on the ML7 in this edition of *Cataract & Refractive Surgery Today*

L. Shawn Wong, MD
Eyes of Texas Laser Center
Austin, TX USA

"There's no need to buy into the femtosecond hype. The ML7 gives world-class results and value."

See Dr. Wong using the ML7 at www.eyetube.net

Ricardo Guimarees, MD
Hospital de Olhos de Minas Gerais
Belo Horizonte, Brazil

"The ML7 is a consistent and reliable platform giving the surgeon the comfort and confidence to achieve an accurate flap thickness each and every time."

Learn how you can WOW your patients with the ML7 microkeratome, while avoiding femtosecond complications. Contact us to discover more.
